[For the Roundabout.]

A WINTER'S DAY IN THE COUNTRY.

When we awoke the world about us was enveloped in snow. It was even over the worm fences, and lying as a soft, white garment on the boughs of the cedars, and the limbs of trees. Not a path was to be seen in any direction, and a quiet stillness rested upon the air as if all life had succumbed to some potent draught of sleep, and slumber reigned supreme. The fire flickered low; it needed replenishing, so with a bound I sprang to its rescue, and very soon the warmth from the great heap of burning logs pervaded the room with an atmosphere of delicious comfort. It did not take many minutes to awake the echoes, and call aloud in a spirit of mirth and happiness, that it was time for breakfast, and after that a sleigh ride.

Jack Frost's pretty tracings on the window pane ran down in tears, and "Richard" passing called out to the master, pleading his face in cold water, "that it was shore cold, ice everywhere, and snow so deep he would have to get the big shovel to dig out a path for the stable."

And I actually laughed over the news, because I am devoted to cold weather, and snow is one of the next best friends.

We breakfasted. The children, "Jackie" and "Dorger," eating oatmeal with a relish, their mother enjoying meat and hot biscuit, and I my cakes and eggs, with coffee so hot that my tongue was burned in my effort to both talk and drink it. "The master" came in afterward. He too, welcomed the morning with the snow fall as a good harbinger, and as he of the advent of the new year. One small thing with Jack, however, wabbling legs was brought in and placed before the roaring fire to get warmth in its shivering body. The baby looked over its cradle. The two recognized the affinity of life; the animal united with the "kingdom of God" in blessing comradeship, and to the weak best of the newly born lambkin the baby answered "bah!" Such laughing and rejoicing on our part, and such pleasure depicted on the face of the "House Mother," who took up the living child in her arms, and carrying it to the box, holding the wee lamb, laid her hands on the head of each, and blessed them. We talked of the strange commingling of circumstances; how narrow was the confines of life, and with what wonderful aptitude nature's blended; the sweet simplicity of innocence.

By the time we had held such converse the master told me that he was ready to assist my departure, and looking out of the window, behold, there was the sleigh piled high with robes, and it was raining, waiting to run races with the snow flurries. The expected pleasure made me very happy, and I made haste to get ready, and make my departure. The road was beautiful! Drifts high as one's head were bounded on both sides of the way through the pasture white and glistening in the bright sunshine. Cedars were covered with the white mantle, and long rows of icicles hung like fairy candelabras to the overhanging cliffs which now we were passing, strange panorama of nature's passing into the Sublime. The pike had been broken for us, by the runners of other sleighs, and we laughed and talked over the stories of other deep snows in Kentucky, especially the long hard winter of 1864-5, when men and animals froze under the severe temperature registering far below zero. Our way was short, and we were soon "at home."

Out of the stillness and silence of the winter landscape I looked out on another world, alive with humans, not half so congenial as were the dumb comrades and the birds I had left behind, and as fates of children came before me a wish to live always in the country sweet my heart and I turned away to hear the sad whistle of the Midland and the low rumbling of the train crossing the bridge below me in the valley of shadows. sun's rays lingered in the clouds hanging low down in the western horizon, and impressed an image of the world afar, where some day I would go—beyond the sunset—beyond the reach of snow drifts; beyond a suspicion of sorrows, and then a voice called to me from out of the loneliness: "Behold, I am with thee, even unto the end," and I was satisfied. FRANKFORT, FEB. 9, 1907.

AGED AND LOVELY LADY PASSES AWAY.

Another of Frankfort's oldest inhabitants has answered the last summons.

On Sunday afternoon Mrs. Ann Eliza Tilford, relict of the late Mr. Thos. D. Tilford, passed away at the ripe old age of nearly 83 years, at the home of her son, Mr. Julian Tilford.

Mrs. Tilford was the oldest child of the late Mr. Thos. S. Page, and in early girlhood married Mr. Thos. D. Tilford. They were given seven children (Mary S., Robert W., Thos. P., William G., Jacques P., Julian and Minnie). All of these except Mrs. Mary S. Polk, of Columbia, Tenn., and Mr. Julian Tilford, of this city, preceded her to the great beyond.

Mrs. Tilford was an unusually well-informed and cultured lady—gentle, kindly, full of fun, and loving devotedly those to whom she was related by the ties of life.

She was a member of the First Presbyterian church, and an unusually devout Christian.

Besides her son and daughter, she leaves one brother (Capt. Thos. M. Page, of Indianapolis, Ind.) and three sisters (Mrs. S. C. Bull, Miss Mary Page and Miss Margaret J. Page, of this city), four grandchildren and a host of relatives and friends to mourn her death.

The funeral services were conducted by Rev. H. M. Sweets, D. D., of Shelbyville, on Tuesday, and the remains were laid to rest in the family lot in our cemetery.

STATE BOARD OF EQUALIZATION.

The following gentlemen compose the State Board of Equalization for this year, being one member from each Appellate Court District:

First District—J. F. Porter, Dixon.
Second District—C. E. Sugg, of Henderson.

Third District—F. J. Campbell, Somerset.

Fourth District—J. B. Steedman, of Louisville.

Fifth District—M. J. Meagher, of Frankfort.

Sixth District—Rolla K. Hart, of Flemingsburg.

Seventh District—H. T. Strother.
Auditor Hager is an ex-officio member of the Board.

APPOINTED POSTMASTER AT LEXINGTON.

Mr. Thos. L. Walker, Secretary of the Republican State Central Committee, was appointed Postmaster at Lexington by President Roosevelt, on Monday last.

Mr. Walker was for a number of years a newspaper man of ability. Later he was Assistant Postmaster at Lexington, which he resigned to become Secretary of the State Committee.

He is thoroughly competent and will make a first class Postmaster.

DESTRUCTIVE FIRE.

Handsome Residence of Dr. U. V. Williams Badly Wrecked.

About 8 o'clock, on Wednesday morning, the fire department were called to the residence of Dr. U. V. Williams, on Steele street, between Second and Third, where a defective fuse had started a bad blaze under the roof.

Owing to the fact that the fire hydrant, on the corner of Steele and Second streets, was found to be frozen up, it took some time to get a stream playing on the fire, which had gained headway. It was soon extinguished after the fire boys got to work, but not until the roof had been destroyed.

The vast volume of water caused great destruction to the inside of the building, as the ceilings fell carrying everything in their way.

Dr. Williams had one of the finest libraries in this section of the country, which was almost completely ruined. There were many rare books and other articles that can not be replaced, the doctor being a great antiquarian. Some of the houseful of boarders lost part of their wearing apparel and bric-a-brac.

The furniture was removed in a damaged condition.

The total loss was something over \$3,000, which was partially covered by insurance.

Mr. Woodson Coleman, who happened to be passing, first discovered the blaze and gave the alarm, notifying the family who were at the breakfast table.

So soon as the flames were extinguished, workmen were at once put to work to replace the roof and thus prevent further damage, though it will take a good while to repair the interior damage.

In the meanwhile the family and their boarders had to seek other quarters.

Miss Pattle Williams had a narrow escape from death, a ceiling falling en masse, with a terrific crash just as she sprang through a door hearing the cracking of the plastering.

Dr. Williams has thus, for the second time, had a heavy loss from fire. His residence at Bridgeport being totally destroyed several years ago, with all its contents.

BAD WRECK ON L. & N. NEAR BRACKTOWN.

As a big ten-wheel engine was returning from Lexington, on Saturday afternoon, shortly after three o'clock, when it reached a point near Bracktown, the rails spread and the engine ran some 150 feet on the ties, finally turning over on its side. A brakeman was instantly killed and the engineer and fireman badly hurt.

The track was so badly torn up, rails broken, etc., that the wrecking train had to work all night to clear away the wreck.

The 4:20 p. m. L. & N. Train (which was over an hour late), had to transfer its passengers at the wreck, and the C. & O. trains had to go to Louisville by way of the Southern Railroad.

The track was repaired so that the 7:55 L. & N. train was only about 40 minutes late Sunday morning.

It looks like all the railroads are having troubles lately, as there is hardly a day passes but there are one or more serious wrecks.

The L. & N. has heretofore been singularly exempt from these troubles.

MEETING OF OFFICERS OF KENTUCKY NATIONAL GUARDS.

The officers of the Kentucky National Guards were held in this city, this week, commencing on Tuesday.

There was a gratifying and representative attendance.

Many matters of importance, looking to the advancement in efficiency of the guards were discussed and valuable recommendations made.

The following officers were elected: Chairman—Gen. Henry R. Lawrence, Adjutant General.

Secretary—Capt. Frank D. Rash. Necessary committee were appointed.

Addresses were delivered by mayor Hume, Maj. Talbott Berry and Gov. Beckham.

LATELY—it was determined to make the organization of the association a permanent one, and the following officers were elected:

President—Maj. A. B. Kinnaird, Louisville.

1st Vice-President—Capt. A. G. Chapman, Hopkinsville.

2d Vice-President—Capt. W. V. Richardson, Danville.

3d Vice-President—Maj. Ellis Duncan, Louisville.

Secretary—Lieut. Frank Rippey, Lawrenceburg.

Treasurer—Capt. Ed. C. Walker, Henderson.

CHANGES OF TIME ON RAILROAD.

The L. N. Railroad has made the following changes in the time of departure of trains:

The accommodation train leaves for Louisville at 5:35 a. m.

The L. & N. from Lexington for Louisville leaves here at 3:20 p. m. instead of 3:40 p. m.

The L. & N. from Louisville leaves for Lexington at 4:35 p. m. instead of 4:20 p. m.

It is important that our citizens note these changes of time.

For further information see time table.

GRAVE DANGER.

The first and most seductive peril, and destroyer of young men, says Mr. Carnegie in the Empire of Business, I am no temperance lecturer in disguise, but a man who knows and tells you what observation has proved to him: I say to you that you are more likely to fall in your career from acquiring the habit of drinking liquor than from any or all the other temptations likely to assail you. You may yield to almost any other temptation and reform—may brace up, and, if not recover lost ground, at least remain in this in a secure and maintain a respectable position. But from the insane thirst for liquor escape is almost impossible. I have known but few exceptions to the rule.

"PUBLIC SCHOOLS OF KENTUCKY."

The Kentucky Federation of Women's Club have issued a pamphlet containing two papers upon the subject of education. One is entitled "Public Schools of Kentucky," by Mrs. Herbert W. Mengel, and the other "Higher Education in Kentucky," by Mr. Irene T. Meyers.

Both articles are extremely well thought out, well written and full of practical and truthful facts and suggestions looking to the improvement in the education of our children and youth.

There is no doubt but that there is urgent need for better facilities, better buildings and better teachers, especially in the rural districts.

To our knowledge there are school houses right in the county of Franklin and adjoining counties that are an actual disgrace to the districts, especially in view of the fact that the trustees are clothed with full power to raise sufficient funds to erect such buildings as are needed.

These articles are well worth the reading of any one who feels the great need of the masses of thorough education.

We commend them to our readers for their ability and thoughtfulness.

A copy of this pamphlet will be furnished to any one desiring it upon application to Miss Lillian Lindsey, Secretary of the Frankfort Woman's Club.

Dr. Miles' Nerve Cured Them Both.

Dr. Miles' Nerve is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it is my duty to let you know that my medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could not sleep. As I had already used Dr. Miles' Nerve and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nerve and one of the blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason, and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nerve cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

IN MEMORIAM.

God came down into His garden to gather lilies, and on the afternoon of Jan. 2d, 1907, Jesus gathered for His heavenly garden that bright bud of promise, "Little Julia Mamie," daughter of Mr. and Mrs. James W. Black, of Frankfort. She was six and one-half years of age.

Thus a young and beautiful life has been cut short, a delicate flower, dear to the great and good Gardener above, has been transplanted to the land of eternal sunshine and health. He is too good to be unkind, and too wise to make a mistake; but, only those who have lived with and lost little children know the utter loneliness and emptiness of life when these treasures are taken. The all-loving Father, knowing how the heart "yearns ever to where its treasure lies," has taken "Little Mamie," saying to the father and mother "upward look and press to meet her, your child, in paradise." But, never to see again those smiling eyes, the kiss the rosy lips and feel the little arms around her neck, or hear the childish voice, as the soft ringlets touched her cheek, whisper "I love you," seems more than the sorrowing, young mother can bear. But, alas! it is no sad dream. We know "Little Mamie's" dear hands will gather no more flowers for us, or her light footsteps be music to our ears, and while we understand not why she has been taken across those waves that mean beyond our mortal shore, yet we feel that her short life has left its impress upon a portion of this great world and what is now obscure will sometime, somehow, somewhere be made clear. Her toys, her doll, the little garments she wore, the vacant chair, the ribbon off her hair and the memory of her smiles and sighs are all the poor parents have now, but, by these they may be anchored to the cross of a sympathizing Christ, who will enable them to tread the weary earth, content to clasp her little grave, and let the world go by. She was a noted child, so bright and promising, so winsome and affectionate. As she lay on her bed of sickness and death she would say "mamma I love you," and then would occur a lapse of memory she would pause; "and aunt Nan?" Suggested mamma. "Yes," repeated the faint wailing voice. Her grief-stricken little friend and neighbors with each other in kindness and attention during her illness. And when she lay in her little coffin, robed with all the dainty sweetness that mother love could compass, she looked—oh, so perfectly—the little Seraph that she is, and we realized that "there is no death; the stars go down to rise upon some fairer shore, and, bright in heaven's jeweled crown, they shine forevermore."

And now, Marie, my friend, look up and know that "God gives you many a blessing, that you do not understand, for He wraps them in a shadow, as He lays them in your hand," and though Hope's sweet music is now stilled, "Hope springs eternal in the

human breast," and the dark, leaden hours, that now drag so wearily by, will bring sweet healing in their train, and "mamma" will realize that she must try to live for dear little Victor's sake.

He giveth, He taketh, He knoweth best,
The Lord to whose home we win,
And, oh, when the soul is with trials tossed,
There is help in the lifted prayer,
For never a soul that He loves is lost,
And our Father is everywhere.

The ships sail over the harbor, away and away to sea,
The ships sail in with the evening star,
To the port where no tempests be
The harvest waves on the summer hills,
And the winds go forth to reap,
And all is right as our Father wills
Whether we wake or sleep.

A FRIEND.

[Communicated.]
A TRIBUTE TO THE MEMORY OF
JOHN T. HOCKENSMITH.

Scarcely a fortnight had elapsed since I sat beside him whilst attending the obsequies of a deceased neighbor, almost in sight of his own home, and I little thought that he, too, would so soon cross the dividing line to the brighter land—the land where there are no tears, no sorrow, no darkness. Surely, the mysteries of life are unfathomable.

I had learned to know and to love John T. Hockensmith for those princely virtues that were illustrated in his character and life. In all that is manly, honorable and just, he was pre-eminent. His purposes were pure, his methods honest, and his convictions of duty imbued with a sincerity that left its impress upon all with whom he came in contact. There was no partiality in his loyalty to State and country, but a broad comprehension of the duties that fell to him as a citizen, and a will to fully discharge those duties.

There was no guile in his conduct, no uncertainty in his friendship, no deception in his impulses; that throbed from the heart that is now stilled in the eternal sleep.

In devotion to family and friends he was conspicuously strong; as a neighbor he was sympathetic and kind; and the courteous hospitality that graced his home life made impressions that can never be forgotten. In ministrations to the sick and suffering he was ever responsive and to his advice and counsel his neighbors and friends gave that confidence that was born of implicit trust in his wisdom and security.

In manner of life—simple and unostentatious—and in the social and civic virtues that distinguish the true gentlemen, he was chief. The higher traits of a true Christian character were constantly reflected in his daily life.

Whilst his memory is precious to

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, liver complaint, torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hays, of the Univ. of Pa.; Prof. Finley, of Ohio; Prof. King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Lee, D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The Golden Medical Discovery is the greatest medicine ever sold, having been recommended by the highest professional endorsement—worthy of the highest praise—by the leading medical writers and teachers of all the several schools of practice. Open publicity of its formula is the best possible guaranty of its merit. A glance at this published formula will show that "Golden Medical Discovery" contains no poisons, harmful or habit-forming drugs and no alcohol—chemically pure, triple-distilled glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients, mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

THE ONLY KITCHEN CABINET —FOR— Economical Women

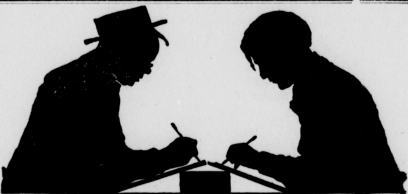

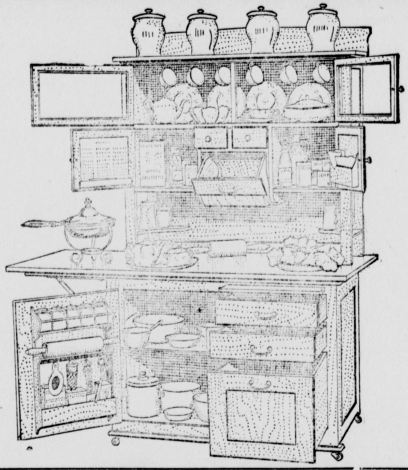

Is the one that lasts a lifetime, and yet is not high-priced. That's the McDougall. And economical women know it. The McDougall people make and sell five times as many kitchen cabinets as any other concern. Why? Simply because they make them better.

McDougall Kitchen Cabinets

Are not high-priced. \$19.00 to \$28.00. There are imitations that sell for less.

But the McDougall is always a blessing and not a nuisance; is dust-proof, mouse-proof and easily cleaned, and PAYS FOR ITSELF quickly by saving kitchen supplies. So it's economy to buy a McDougall.

STATE HARDWARE DEALERS CONVENTION.

The retail hardware dealers of the State met in annual convention in Louisville on Tuesday.

There was a gratifyingly large attendance and unusual interest bestowed upon the work of the body.

Quite a number of interesting and thoughtful papers were read in the interest of the trade.

A delightful banquet was served Tuesday night, and a number of spirited addresses delivered in response to toasts.

The following officers were elected for the ensuing year:

President—J. W. Read, of Hodgenville.

1st Vice President—Edward Grubbs, of Winchester.

2d Vice President—George Cubbage, of Leitchfield.

Treasurer—A. Steitler, Jr., of Owensboro.

Secretary—John R. Sower, of Frankfort.

Delegates to National Convention—B. J. Durham, of Danville; John C. Sower, of Frankfort. The National Convention will meet in Boston, Mass., in June.

Mr. Sower, the hustling, energetic and efficient Secretary, was re-elected for the third time. It is a compliment deserved and well bestowed.

DEATHS.

JACOBS—In this city, on Tuesday afternoon, Mrs. Pauline Epstein Jacobs, wife of Mr. Ferd Jacobs, aged 39 years.

Mrs. Jacobs was a very handsome woman—gentle, cultivated and loving. She had been a resident of this city some 18 years. She had made many warm friends among our citizens.

She leaves a devoted husband and three small children, besides a large family of brothers and sisters to mourn her untimely death, in the midst of her usefulness as wife, mother, sister, friend.

The remains were taken to Louisville, on Thursday, for interment.

Our deepest sympathy goes out to the afflicted one.

LEWIS—In this county, on Wednesday, Flora Williams Lewis, infant daughter of Mr. Robert Lewis, of pneumonia.

HALL—In Shelby county, Mr. John W. Hall, aged 28 years.

Mr. Hall was a former citizen of this county, and was the grandfather of Dr. L. T. Welsh. The remains were brought to this city for interment on Wednesday last.

BADLY HURT.

In a game of Basket Ball, at the Y. M. C. A. Gymnasium, on Friday night, Mr. Coy Wells was so unfortunate as to fall heavily to the floor, wrenching and bruising his shoulder very badly. Surgical attention was at once rendered, but Mr. Wells will be "out of the running" for several days.

DEATH OF REV. DR. JNO. H. NESBITT.

Rev. J. H. Nesbitt, D. D., died at his home in Rockford, Illinois, on Wednesday, after a illness of several years duration.

Dr. Nesbitt was pastor of the First Presbyterian Church, in this city, for several years in the early seventies, and was an earnest, faithful servant of the Master.

In personal appearance he was an exceedingly handsome man, and he and his wife as fine looking couple as could be met upon our streets during their residence here.

They were blessed with two sons, one of whom died before they came here to live, but George, the other, was a handsome little fellow, grew to manhood, entered the ministry and was a brilliant young pulpit orator at the time of his death several years ago. It was on account of his health, which was not good here, that Dr. Nesbitt gave up his pastorate in this city, and took him to another climate.

The heart-broken widow alone survives, bowed down with a weight of sorrow, the grave having closed over all that was dear to her on earth, and to her the hearts of many old friends go out in warmest sympathy.

If you are Constipated, dull or bilious, or have a sallow lifeless complexion, try Lax-ets just once to see what they will do for you. Lax-ets meet every desire. Lax-ets come to you in beautiful lithographed metal boxes at 5 cents and 25 cents. Sold by all dealers.

TREASURER'S REPORT OF KING'S DAUGHTERS HOSPITAL.

The treasurer's report of the King's Daughters Hospital, for the year just ended, shows the following receipts and expenditures:

From pay patients.....	\$1,844.00
From city.....	550.00
From county.....	500.00
From endowments.....	757.00
From other sources.....	207.00

Total.....\$3,853.49

Disbursements.....3,578.69

Balance on hand.....\$279.80

It will be seen that a very large proportion of the receipts, which are used for purposes of the hospital, are derived from pay patients.

It is also well known that charity patients consume much the larger part of its resources.

It behoves every good citizen to help this splendid charity whenever possible.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant and safe Syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by all dealers.

FEMINISM IN FRANCE.

Since the Revolution in France many things have changed. For one thing, the waste of men in war has familiarized women with varied industry and with the management of estates and business establishments as in perhaps no other country. The French "family council" system retains for a woman not only the respect of her grown son, but even a considerable measure of legal control over him long after English and American law would emancipate him. He cannot even marry without his parents' consent.

The growth of "feminism" in France of recent years has been rapid. It compelled the institution of a divorce law. Woman suffrage is a cardinal tenet in socialism, which has nowhere more power in actual government than it has attained in France. In Russia, which is largely dominated by French thought, the Douma has declared for the woman's vote.

NAMES INDIANS HAVE LEFT US.

In the United States we find "Indian" names in profusion from ocean to ocean. All the great lakes except Superior, the largest rivers—Mississippi, Missouri, Ohio, and Arkansas—Missouri, Ohio, and Arkansas—and countless other natural features, such as rivers, lakes, mountains and valleys, bear names of Indian origin. So do a majority of our States, to say nothing of counties and towns. Many of striking beauty, as, for instance, Tippecanoe, Minnesota while some are harsh, they seem somehow to "fit" remarkably well.

Dr. Cad's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 3 cents per package.

UNION RELIGIOUS CRUSADE.

Col. Noel Gaines has been engaged in a new role recently. In conjunction with Rev. Geo. R. Stuart and Rev. C. B. Strouse, two noted Southern revivalists, a big meeting has just been closed at Atlantic City, N. J., in which there were over 500 conversions. The meeting commenced Jan. 13 and continued until Jan. 31.

There were very large crowds present at every meeting held by these gentlemen.

Col. Gaines delivered from one to two addresses each day, and was very strong in his opposition to the re-statement of the Army Catechism, giving his own experiences in the matter during the Cuban and Philippine campaigns.

This is rather a new role for Col. Gaines, but he has made good in it.

RISING FROM THE GRAVE.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at all drug-gists. Price only 50c.

ENGINE ON C. & O. EXPLODES WITH TERRIBLE RESULT.

An engine on a C. & O., double-header exploded just east of Tebbis Station, on Tuesday, killing four men and injuring others.

The force of the explosion caused the engine to turn end for end.

The track was torn up for a considerable distance and traffic was delayed for several hours.

When you get up with a bad taste and fur coat on the tongue, no appetite, use Father William's Indian Tea or Herb Tablets, it will cleanse the stomach, move the bowels and make you feel like a new person. Sold only by Frankfort Drug Co.

FINE SCOTT COUNTY FARM FOR SALE.

By reference to the advertisement off Mr. C. C. Gregory, in another place, it will be seen that he offers a fine Scott county farm, of 200 acres, for sale on Friday, Feb. 22, at public auction. Read his notice.

The women of Frankfort are praising Father William's Indian Tea and Herb Tablets every day. "They are, undoubtedly, the best Female Tonics and Regulators known, and are fast becoming the best selling female preparation we have ever handled. Frankfort Drug Co., Druggists.

EAST INDIAN FOLK MEDICINE.

Remedies in Which the Natives Have Implicit Faith.

Perhaps in no other country in the world is the "evil eye" an object of such great dread as in India. You will cause mortal offence to a Hindoo lady should you remark of her child, "What a nice baby you have!" or "How baby has grown since I saw him last!" She makes it a rule to speak deprecatingly of her child and represents it as the victim of non-existent ailments so that your evil eye shall not affect it. Should she become aware that, in spite of her precautions, you have defied it with your admiration, she will lose no time in counteracting the apprehended effects of the "drishidosham." One of the simplest methods adopted for this purpose is to take a small quantity of chillies and salt in the closed palm and throw it into the fire, after waiving it thrice round the head of the child to the accomplishment of incantations. If no pungent odor is apparent it is an indication that the dosham has been averted.

The harati ceremony, so frequently observed in marriages and other festive occasions, is also intended to counteract the dire influence of the evil eye. A plate containing saffron water is held by two ladies in front of the married couple about a score of times during the progress of a Hindu marriage so that the admiration of the spectators shall not injuriously affect the bride or the bridegroom. The curious ceremonies of which her Royal Highness the Princess of Wales formed the central figure within a few hours after her landing on Indian shores were in one way intended to be a sort of insurance against the possible effects of the evil eye.

If a child in arms be taken into the open air and a bird fly directly over its head the infant will be rapidly reduced to a mere skeleton. The only remedy is to give it for some days a few drops of an oil extracted from the tititupritta, a kind of sparrow.

Great virtues are ascribed to the claws and horns of certain animals. Tigers' claws are in great demand with the common people. One or two claws may be worn near the loins, but should one possess a larger number, the fortunate owner makes a garland of them and wears them around her neck. Deer's horn, ground into a fine paste, is an excellent balm for pains and swellings. A more curious use is found for the same substance; it is sometimes made into a powder which is supposed to aid the growth of stunted women. The joints taken from the long and slender tail of the black scorpion are supposed to keep illness at arm's distance when children wear them on their waist thread.

A red or swollen eye is cured by having it touched with the bolt or chain attached to a door. A remedy which I have seen applied with considerable effect in more than one epileptic fit is to place a bunch of keys in the palm of the sufferer. I have heard it said that the fit passes away as readily if the keys are placed on the head.

Sore throat is cured by spitting on red hot iron—quite the simplest and least expensive cure known to the

native doctor. Peacock's flesh and pig's shoe are the best medicines for acute rheumatism. Cowbells are most useful in boils and in skin diseases of all kinds.

Indigestion

Stomach troubles is but a symptom of, and not itself a true disease. We think of Dyspepsia, artburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific weakness—nothing else. It was this fact that first correctly led Dr. Shoop the creation of that now very popular Stomach remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success favor to Dr. Shoop and his Restorative. With that original and highly vital principle, no other having accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad eat and sallow complexion, try Dr. Shoop's stomach—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

NEIGHBORS GOT FOOLED

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Un-capher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

To Stop a Cold with "Preventives" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" Preventives will head off all colds and Grippe, and perhaps save you from Pneumonia or Bronchitis. Preventives are little toothsome candy color tablets selling little 5 cent and 25 cent boxes. If you are chilly, if you begin to sneeze, try Preventives. They will surely check the cold, and please you. Sold by all dealers.

CORKERS AND TWISTERS.

By Mrs. O'Houlihan.

Oh, that ground hog! What a pity that the Norseman, who gave him prophetic wisdom, did not understand that signs must be read backward, or he surely would not have us believe the Kentucky ground hog to be an exception to his class. To sustain his reputation and forefend against the howling storm that succeeded his storied day, the farmers of Elkhorn and Flat Creek and Benson and Cedar Run should have built fires about his hole, as they do in Russia, and thus prevented the possibility of his appearance and the lie that attended it. But the ground hog is no worse off than the almanac, or the goose bone, or the corn shuck, or the muskrat. Yet he gets less credit, for one miss has ruined his further prospect, whilst if the almanac hits one day in the week, its wisdom is infallible. If the goose bone was too young, or too fat, or the bone was read from the wrong end and the black spots were reversed. At any rate we will vote to give the ground hog another chance next year.

There are several ways to get more money from the property owners without raising the tax levy. To raise the tax levy is so palpable and so direct that it is obnoxious. So the last Legislature simply remodeled the system and increased the revenue into the treasury. So, the city financiers, having gotten the levy to the heart-breaking notch, have adopted the method of raising the property assessment. "You may break, you may shatter the vase if you will, but the scent of the roses will hang round it still." The taxpayer pays the increased expense.

So, the insurance companies have a way of being good to the insured by lowering the rates. They simply "readjust" the rates, lowering on some and raising on others, but on the whole, getting more money than ever. When the fire alarm telegraph was put in by the city council this was the way they redeemed their promise to lower rates.

Is not a system of taxation of this sort really a system of double taxation?

It is said the clerk's record after the next term of the Franklin Circuit Court will probably contain the following items among others:

"Damage suit of Johnson Hungry v. the City of Frankfort, for injury to nose by falling over the rocks on Holmes street extended. Verdict of jury awarded, \$1,500.

"Damage suit of Wm. Buster v. Same, for stumbling his toe on gutter in movement on West Broadway. Verdict of jury, \$965.

"Damage suit of Jim Demijohn for being unable to climb the ascent of South Frankfort bridge v. Same. Verdict of jury, \$5,000.

"Damage suit of Henry Slickmufel, for false arrest by police for violation of the Sunday law. Award of jury, \$1,000.

"Damage suit of Peter Simple v. Same, for concussion of the brain, by same of blasting at the rock quarry. Award of jury, \$1,500."

No one has ever dug up the tomahawk that was buried near the Cave

spring by one of the early settlers of Kentucky as a proof of his visit. Nor has any one ascertained the owner of the musket that was unearthed when the water pipes were being laid.
